

Nepal Knotcraft Centre Pvt. Ltd.

Our Partnership with Women

“Weaving nature into women’s livelihood”

Nepal Knotcraft Centre is committed to partnering with women across Nepal in order to create employment in an effort to sustain their livelihood and enhance their sense of empowerment and opportunity. We work with hundreds of women from various communities, deprived socially and economically. The culture of these communities is tied heavily to their craft and we take pride in successfully aiding women to enhance their skills and strive for their economic and social empowerment through their own cottage level industries.

Our Commitment to Raw Materials and Sustainability

Every Fiber Weave product takes its inspiration from traditional designs and techniques and is made from a wide range of raw materials that are collected and processed using sustainable methods. All our products are treated scientifically in order to ensure their beauty and longevity, and promote the raw materials that are locally available, while celebrating the traditional knowledge of Nepal. Some of the plants fibers we use include: *cornhusk, cattails, thatch grass, water hyacinth, banana stems, bamboo, and pine needles*. Many of the fibers we use represent unique aspects of Nepali society and hold significant value for various socio-cultural and economic purposes within their communities.

Macramé jewellery products such as earrings, necklaces & bracelets. All knotted with different yarns, and beads.

MACRAMÉ PRODUCTS

Customize your own macramé pot hangers, wall decorations, hammocks or any other interior products. Pick from a few of our sample pieces or let us know

CORNHUSK PRODUCTS

These four ethnic groups represent the different regions of Nepal. Each doll set comes inside a lokta paper box with a small description. They are an excellent tribute to the beauty and culture of the country. Other available sets showcase married couples and families of the different ethnic groups.

Pick from a variety of cornhusk flower types. A beautiful decoration for indoor and outdoor bouquets that will remain fresh for years! All our cornhusk flowers are attached to a bendable wire stem that allows for easy adjustment for the length.

Available as single flowers or as a bouquet, mix and match!
